

Dear Families,

Welcome to 2nd grade! I am so excited to be teaching this class of young learners and am busy preparing for an exciting and interesting year. I have high expectations for all students and believe in creating a nurturing, positive and safe classroom community where every child is successful. I celebrate all learning styles and don't believe there is "one" way to learn. There can be several paths that lead to the same goal.

I have had many roles at Daniel Bagley over the past 10 years and know almost all of the returning students. My favorite thing about teaching is that I also get to learn. I love building relationships with students and watching them grow.

I am married and have a daughter who is a Bagley alumni and is going to be a senior this year at Roosevelt High School. We are a typical Northwest family, we love to hike, bike and spend as much time as possible outdoors. We just returned from a week in Bend, OR.

One thing families can do to prepare for the new school year is practice getting up early. This year we need to be in the classroom ready to go at 7:55! A big change for all of us. I can be reached at the email address below if you have any questions before the big day. Look for more information from me during the first week(s) of school.

I am really looking forward to meeting all my students and families. See you on September 7th!

Cheers,

Carrie Bader
